STUDENTS + PARENTS

The transition between high school and college is a challenge in independence and responsibility that DEP students are ready for early!

DEP requires parent participation in signatures and material/policy review for new students. Once a student is ready for Advising, the shift is to student focus as we look into personal academic history, future goals, and interests.

We encourage parents active support for their student as they navigate the college experience and become capable college students. However, students must initiate conversation about their account, schedule, concerns, or needs directly with DEP Advising.

REGISTRATION

The University wide registration calendar does not apply to DEP. You have a short registration window covered in Advising, and all necessary schedule changes must be complete long before the start of the next semester.

PAYMENT NOTICE EMAILS

Registrar/Bursar will send automated payment notices to students when they register and make changes to their schedule. These notices do not accurately reflect what a DEP student owes. If ever you have concern related to this, view the STUDENT CONTACTS page of this guide for the Bursar's Office and the DEP Office.
SO, YOU'RE READY TO REGISTER!

Class Schedule Search (CSS)

WHAT IS IT?
Kennesaw State University’s Schedule of Classes consists of the list of courses offered each term. It is made available to students approximately two weeks prior to the start of registration. Please note that the list of course offerings reflects real time information and course offerings are subject to change. Several days before registration you will want to double-check that your planned classes are still being offered and that the class days/times have not changed.

HOW TO ACCESS THE DYNAMIC COURSE SEARCH ENGINE:
1. Log into Owl Express: www.kennesaw.edu/owlexpress with your NetID and password.
2. Click on the top Registration tab.
3. Click on the Class Schedule Search button.
4. Select the Fall 2020 from the dropdown list and click the Submit button.

TO FIND POSSIBLE COURSES:
The Class Schedule Search feature allows you to look for all course offerings and narrow down your search by several fields. We recommend you use your course prefix and number (ex. MATH 1111 or ENGL 1101) to begin and then narrow your search once you have seen the total options.
REGISTRATION
Which Class is Right For Me?

ENGLISH
For the majority of new DEP students, ENGL 1101 is the best course for you!

You may qualify for ENGL 1102 if you have an AP Lit or Lang score of 3-4, and a 2000 level ENGL with an AP score of 5. These AP scores must be officially submitted to KSU through CollegeBoard.

MATH
For the majority of new DEP students, MATH 1111 is the best course for you!

Are you super confident in math or know you want to major in a math focused degree program? ALEKS EXAM (link here) is a process and an out-of-pocket fee to DEP students. The "About Aleks" section has FAQs including placement based on High School scores!

ECONOMICS
For the majority of new DEP students, ECON 1000 is the best course for you!
If you are interested in a upper level ECON, you will need to have completed a college math course to qualify.

Keep in mind, ECON 1000 is only 2 credit hours, so if you need to meet the 12 credit hour requirement to be full time, you will want to take ECON 1000 in a semester where you also take a 4 credit hour course.

FOREIGN LANGUAGE
For the majority of new DEP students, a level 1000 FL course is the best for you!

AP Scores can qualify you for a higher course - click here. If you would like to take the Placement Exam to possibly test into a higher course - click here. You will need to speak with a FL Advisor for an override if the exam results in higher placement, and of course, making sure the new course is funded.

COLLEGE PREP

WHAT YOU NEED TO BE SUCCESSFUL IN UNIVERSITY
In our many years of advising young college students, we have noticed a trend for student success. Through a student's preparation, grit, awareness, and willingness to speak up when they need support, all students can find success!

So much of what you will hear, you have heard before. Being an active student, a listener, and practitioner of organization and time management techniques - that is what will push you to the next level. As a DEP student, you are highly capable, intelligent, and independent, and I can't wait to see what you achieve!
